THINKING OUTSIDE THE BOX, DELIVERING IN A BOX.

With sales kick-offs and conferences continuing in the virtual world, why not send all your delegates a bespoke support box to enhance the day. If it was a live event there would be a bit of breakfast, a few freebies and possibly a networking end to the day. It can still be that way. All the boxes and contents are bespoke and event specific. All will be picked and packed by the team at Ulterior and the branded merchandise is all supplied by Ulterior Motifs thus ensuring bang on value for money. Alcoholic drinks can be chosen by the delegates, non-alcoholic options are available and dietary requirements can be taken into account. The lid can also be branded with your logo.

SATISFACTION IS A RATING, LOYALTY IS A BRAND.

We have been trusted by many global businesses for their branded merchandise requirements over the last thirty years. We have also been trusted by numerous SMEs as whatever your business and whatever your requirements, we offer the same service levels regardless of the size of client or the size of order. We enjoy working with our clients and forging long lasting relationships. We also enjoy working with clients for the first time and starting a new relationship. We would really like to add you to our long list of clients.

"My team (and my business partner) have all commented that Ulterior Motifs are the best, and easiest company we have ever worked with. Nothing is too much trouble and you go way beyond what your competitors do to please our clients." Sara Woods / Philosophy
